

**294/2016 Coll.**

**DECREE**

of 8 September 2016,

**stipulating details of the justification of a concentration notification and documents certifying facts decisive for a concentration**

The Office for the Protection of Competition stipulates pursuant to Article 26 (1) of Act No. 143/2001 Coll., on the Protection of Competition and on Amendment to Certain Acts (Act on the Protection of Competition), as amended by Act No. 340/2004 Coll., Act No. 361/2005 Coll., Act No. 71/2007 Coll., Act No. 155/2009 Coll. and Act No. 293/2016 Coll., (hereinafter referred to as the "Act"):

Article 1

(1) A mandatory part of a concentration notification (hereinafter referred to as "the notification") is a duly and completely filled concentration notification questionnaire pursuant to Annex 1 of this Decree.

(2) Where it is a notification to be discussed in a simplified procedure, a mandatory part of the notification is a duly and completely filled simplified concentration notification questionnaire pursuant to Annex 2 of this Decree.

(3) The following documents shall be attached to the notification

a) extracts from the Commercial Register or any other similar register, not older than 3 months, covering all undertakings concerned, who are required to be registered in the Commercial Register or a similar register;

b) documents, on the basis of which the concentration occurred or should occur, or documents certifying the existence of the concentration; in the case of concentration consisting of the acquisition of securities in a public takeover offer, all undertakings concerned are required to submit such documents immediately after they are drafted;

c) annual reports, including the audit of annual financial statements for the last completed accounting period of all undertakings concerned, who are required to perform the audit in accordance with special legislation;

d) consolidated financial statements for the last completed accounting period of all undertakings concerned, who are required to prepare consolidated financial statements in accordance with special legislation;

e) the scheme and method of calculating turnover, the amount of which justifies the submission of the notification and where it is clear what the net turnover (Article 14 of the Act) was achieved in the relevant accounting period by

1. the undertakings concerned;
2. persons, who will control the undertakings concerned after the implementation of the given concentration, and persons controlled by the undertakings concerned;
3. persons controlled by the person, who will control the undertakings concerned after the implementation of the concentration;

4. persons controlled jointly by two or more persons referred to in items 1-3;

f) analyses, reports, studies, surveys, and any comparable documents prepared for any member(s) of the Supervisory Board, a statutory body or any other person, who performs a similar function or who has been authorised to perform a similar function or to whom such a function was entrusted, or for the General Meeting for the purpose of assessing or analysing the concentration with respect to the conditions of competition, both actual and potential competitors, justification of the concentration, potential for business growth or expansion into other product and geographic markets, and general market conditions. Unless specified in the document itself, the date of preparation, name and position of each person, who prepared the document, shall be indicated for each of these documents.

#### Article 2

Financial data shall be stated in Czech Koruna (CZK). Financial data in foreign currencies shall be converted into Czech Koruna using the average exchange rate announced by the Czech National Bank for the period to which such financial data relates.

#### Article 3

##### **Transitory Provisions**

Any notifications submitted before the entry into force of this Decree shall be assessed in accordance with the hitherto legislation.

#### Article 4

##### **Repealing Provisions**

The Decree No. 252/2009 Coll., stipulating details of a concentration notification shall be repealed.

#### Article 5

##### **Entry into force**

This Decree shall entry into force on the thirtieth day after its publication.

after the implementation of the given concentration;

e) turnover of each person, who is controlled jointly by the persons referred to in items a) to d).

### **SECTION 3**

#### **3. Ownership and Control**

##### **GROUPS OF INDIVIDUAL UNDERTAKINGS CONCERNED**

3.1. Provide a list of all persons directly or indirectly controlling the undertakings concerned.

3.2. Provide a list of all persons who are directly or indirectly controlled:

3.2.1. by the undertakings concerned;

3.2.2. by any person referred to in item 3.1.;

3.2.3. jointly by two or more persons referred to in items 3.1., 3.2.1. and 3.2.2.

3.3. For each person referred to in items 3.1. and 3.2., indicate

a) company name, or title, name of the person, as the case may be;

b) registered office, or permanent residence and place of business, as the case may be, if the person does not have a registered office;

c) scope of business or activities, for the purposes of which the person was established, if it is not an entrepreneur; and

d) nature and method of control.

The data referred to in this section may be illustrated by tables or diagrams to show the structure of ownership and control of the undertakings.

### **SECTION 4**

#### **4. Relevant Markets**

4.1. Indicate all types of goods (products or services) forming the scope of business of the undertakings concerned, including the persons referred to in Section 3 (or activities, for the purposes of which they were established, if it is not an entrepreneur), together with the reasoning, what goods are identical, comparable or mutually interchangeable in terms of their characteristics, price and intended use.

4.2. Indicate all the territories, where the undertakings concerned operate, including the persons referred to in Section 3, together with the reasoning, which territories are sufficiently homogeneous and clearly distinguishable from other territories with respect to the competitive conditions.

4.3 Define the relevant markets in the Czech Republic based on items 4.1. and 4.2., where the undertakings concerned operate, including the persons referred to in Section 3.

4.4. Indicate if there is any degree of vertical integration of individual undertakings concerned, including the persons referred to in Section 3.

#### 4.5. Affected markets

List individual relevant markets defined in paragraph 4.3., where it is possible that the undertakings concerned, including the persons referred to in Section 3, reach a market share of 15% or more after the horizontal concentration, or where the undertakings concerned, including the persons referred to in Section 3, jointly or individually reach a market share of 25% or more after the vertical concentration, and estimate the position of the undertakings concerned, including the persons referred to in Section 3, in these markets.

#### 4.6. Potentially affected markets

List the relevant markets defined in paragraph 4.3., which are not affected markets listed in paragraph 4.5. and where the notified concentration could have a major impact, in cases where

a) any of the undertakings concerned, including the persons referred to in Section 3, has a market share greater than 25% and where any other undertaking concerned, including the persons referred to in Section 3, is a potential competitor in the relevant market. An undertaking may be considered a potential competitor especially if it plans to enter the market or if it has prepared or pursued such a plan in the last 2 years;

b) any of the undertakings concerned, including the persons referred to in Section 3, has a market share greater than 25% and any other undertaking concerned, including the persons referred to in Section 3, is a holder of intellectual property rights important for the relevant market;

c) any undertaking concerned, including the persons referred to in Section 3, is present in the product market, which is a neighbouring market closely related to the product market, where any other undertaking concerned, including the persons referred to in Section 3, operates and the individual or joint market shares of the undertakings concerned, including the persons referred to in Section 3, in any of these markets reach 25% or more. Product markets are closely related neighbouring markets only if the products are complementary,<sup>2)</sup> or if they belong to the same range of products, which is usually purchased by the same set of customers for the same end use; 3)

if the markets cover the whole or a part of the Czech Republic. At the same time, estimate the positions of the undertakings concerned, including the persons referred to in Section 3, in these markets.

## SECTION 5

### 5. Personnel Connections and Previous Concentrations

With regard to the undertakings concerned, including individual persons referred to in Section 3

5.1. Provide a list of all other undertakings operating in the relevant markets, in which the undertakings concerned, including the persons referred to in Section 3, own individually or jointly at least 10% of the voting rights. For each undertaking in this list, list the owner and share in voting rights;

5.2. With respect to the individual undertakings, provide:

5.2.1. a list of persons, who are statutory bodies or members of statutory bodies of the undertakings concerned, who are also statutory bodies, their members or members of the supervisory boards of any other undertaking that operates in the same relevant markets as defined in paragraph 4.3.; and

5.2.2. a list of members of supervisory bodies of the undertakings concerned, who are also statutory bodies, their members or members of the supervisory boards of any other undertaking that operates in the same relevant markets as defined in paragraph 4.3.

5.3. Indicate all concentrations over the last 3 years for the relevant markets, in which the undertakings concerned, including the persons referred to in Section 3, operate, where one of the parties to the concentration was any of the undertakings concerned or including the persons referred to in Section 3.

The data referred to in this section may be illustrated by organisational tables or diagrams of individual undertakings concerned.

## **SECTION 6**

### **6. Information on Relevant Markets**

#### 6.1. Information on affected markets

For individual affected markets defined in paragraph 4.5., indicate data for the last 3 years preceding the concentration, with the following classification

a) the territory of the Czech Republic; and

b) the territory which is, in the opinion of the notifying parties, distinguishable from the territory of the Czech Republic with regard to paragraph 4.2.

(volume units of goods);

b) an estimate to what extent these imports are affected by quotas, tariffs or non-tariff barriers to trade; and

c) an estimate to what extent these imports are affected by transport and other costs;

6.1.5. An estimate to what extent the affected markets are affected by

a) transport and other costs; and

b) other non-tariff barriers to trade;

6.1.6. The manner, in which the undertakings concerned, including the persons referred to in Section 3, produce and sell the goods, for example, whether they produce locally or sell through a local distribution network;

6.1.7. A comparison of price levels in the Czech Republic of individual undertaking concerned, including the persons referred to in Section 3, and a detailed comparison of price levels with other regions where these goods are produced or sold;

6.1.8. The nature and extent of the vertical integration of all undertakings concerned, including the persons referred to in Section 3, compared with their largest competitors.

6.2. Information on potentially affected markets

If the relevant markets defined in paragraph 4.6. exist, submit information according to paragraph 6.1. also in relation to such markets.

## **SECTION 7**

### **7. General Conditions in Relevant Markets**

#### 7.1. General conditions in affected markets

The structure of supply in affected markets

7.1.1. List the five largest independent suppliers of the undertakings concerned, including the persons referred to in Section 3, in individual affected markets and their individual shares in total supplies to the undertakings concerned (provide the company name or name, registered office, permanent residence or place of business, phone number, fax number and the relevant contact person of these suppliers).

7.1.2. List the distribution networks and service networks that exist within the means of distribution in the affected markets. Take into account the following:

### **SECTION 4**

#### **4. Relevant Markets**

4.1. Indicate all types of goods (products or services) forming the scope of business of the undertakings concerned, including the persons referred to in Section 3 (or activities, for the purposes of which they were established, if it is not an entrepreneur), together with the reasoning, what goods are identical, comparable or mutually interchangeable in terms of their characteristics, price and intended use.

4.2. Indicate all the territories, where the undertakings concerned operate, including the persons referred to in Section 3, together with the reasoning, which territories are sufficiently homogeneous and clearly distinguishable from other territories with respect to the competitive conditions.

4.3. Define the relevant markets in the Czech Republic based on items 4.1. and 4.2., where the undertakings concerned operate, including the persons referred to in Section 3.

4.4. For the individual relevant markets defined in paragraph 4.3., indicate the estimate of market shares in terms of the turnover figure (and quantities where possible) of all undertakings concerned, including the persons referred to in Section 3, and all importers over the last 3 years preceding the concentration, with the following classification

a) the territory of the Czech Republic; and

b) the territory which is, in the opinion of the notifying parties, distinguishable from the territory of the Czech Republic with regard to the definition in paragraph 4.2.

4.5. Indicate if there is any degree of vertical integration of individual undertakings concerned, including the persons referred to in Section 3. In addition, indicate whether and in what relevant markets as defined in paragraph 4.3. vertical integration between individual undertakings concerned, including the persons referred to in Section 3, will occur due to the concentration.

## **SECTION 5**

### **5. Personnel Connections and Previous Concentrations**

With regard to the undertakings concerned, including individual persons referred to in Section 3

5.1. Provide a list of all other undertakings operating in the relevant markets, in which the undertakings concerned, including the persons referred to in Section 3, own individually or jointly at least 10% of the voting rights. For each undertaking in this list, list the owner and share in voting rights.

5.2. With respect to the individual undertakings provide:

5.2.1. list of persons, who are statutory bodies or members of statutory bodies of the undertakings concerned, who are also statutory bodies, their members or members of the supervisory boards of any other undertaking that operates in the same relevant markets as defined in paragraph 4.3.; and

5.2.2. a list of members of supervisory bodies of the undertakings concerned, who are also statutory bodies, their members or members of the supervisory boards of any other undertaking that operates in the same relevant markets as defined in paragraph 4.3.

5.3. Indicate all concentrations over the last 3 years for the relevant markets, in which the undertakings concerned, including the persons referred to in Section 3, operate, where one of the parties to the concentration was any of the undertakings concerned or including the persons referred to in Section 3.

The data referred to in this section may be illustrated by organisational tables or diagrams of individual undertakings concerned, including the persons referred to in Section 3.

## SECTION 6

### 6. General Information

#### 6.1. Supplemental restrictions

In case the undertakings concerned, including the persons referred to in Section 3, intend to submit to restrictions directly related to the concentration and necessary for the implementation of the concentration (such as a non-competition clause), specify them and explain their effect on the final shape of the relevant concentration of undertakings.

#### 6.2. Benefits of the concentration

List all justified and probable benefits resulting from the concentration, where it is possible to counteract the effects on competition, and in particular the potential harm to consumers that might otherwise arise due to the concentration.

## SECTION 7

### 7. Information Relevant to the Assessment of the EU Dimension

7.1. Indicate the total turnover of the undertakings concerned for each of the EU Member States calculated according to Article 5 of Council Regulation (EC) No. 139/2004 of 20 January 2004 on the control of concentrations of undertakings.<sup>6)</sup> In this context, indicate in which EU Member States the concentration is subject to approval.

7.2. Indicate the total turnover of the undertakings concerned in the European Union calculated according to Article 5 of Council Regulation (EC) No. 139/2004 of 20 January 2004 on the control of concentrations between undertakings.

## SECTION 8

### 8. Declaration

Notifying party .....

Represented by .....

Declares that all information provided in this questionnaire is correct and complete.

(The questionnaire must be signed by all the notifying parties or their authorised representatives.)

---

1) Other undertakings concerned for the purposes of this questionnaire are undertakings or part thereof, the control of which is to be gained by the notifying party(parties) due to the concentration (Article 12 (2) of the Act), and undertakings established within the meaning of Article 12 (5) of the Act, who are jointly controlled by multiple undertakings and who have performed all functions of an autonomous economic entity on a lasting basis.

2) Products or services complement each other, if e.g. the use or consumption of one product essentially implies the use or consumption of another product, such as for example in the case of an office stapler and staples, and printers and ink cartridges.

3) Examples of such products are whiskey and gin sold to bars and restaurants, or different materials intended for packaging of certain identical or similar types of goods sold to producers of such goods.

4) The matters of turnover calculations are also regulated by the Consolidated Commission Communication on Jurisdictional Notice under Council Regulation (EC) No. 139/2004 on the control of concentrations between undertakings (2008/C 95/01), in Part C.

5) Other undertakings concerned for the purposes of this questionnaire are undertakings or part thereof, the control of which is to be gained by the notifying party(parties) due to the concentration (Article 12 (2) of the Act), and undertakings established within the meaning of Article 12 (5) of the Act, who are jointly controlled by multiple undertakings and who have performed all functions of an autonomous economic entity on a lasting basis.

6) The matters of turnover calculations are also regulated by the Consolidated Commission Communication on Jurisdictional Notice under Council Regulation (EC) No. 139/2004 on the control of concentrations between undertakings (2008/C 95/01), in Part C.
